USACE/FEMA 2005 Hurricane Season Critique and 2006 Planning Workshop

March 7– March 9 2006

Arlington, TX

US Army Corps of Engineers®

USACE/FEMA 2005/2006 Hurricane Season Critique and Planning Workshop
March 7– March 9 2006
Arlington, TX

FEMA

Workshop Goal:

- ***To continue the intergovernmental ESF #3 Remedial Action Program (RAP) to assure USACE/FEMA Readiness for 2006 Hurricane Season and to re-affirm a lifecycle RAP for future domestic contingency planning and operations.***

US Army Corps of Engineers®

USACE/FEMA 2005/2006 Hurricane Season Critique and Planning Workshop
March 07– March 09 2006
Arlington, TX

FEMA

Workshop Objectives:

- ***To continue the intergovernmental RAP Action Planning process initiated in 2004 and to evaluate recommendations from the 2004/2005 RAP and Senior Leaders' Seminar.***
- ***To review 2005 Hurricane Season operations and identify key lessons learned, to include recommendations from USACE and DHS/FEMA internal AARs.***
- ***To update the intergovernmental RAP, identifying courses of action and timelines with accountable agencies to include required changes and next steps in preparedness for the 2006 Hurricane Season.***
